The Corna collection

designed by Morten Svendsen

The Corna dining table has a classic, but still modern design with beautiful leg details. It matches any home interior from classic to modern. You can choose 2 different edge profiles - a Soft version and a Slim version.

The rectangular fixed tabletop with solid edges has a smart integrated storage facility for extension leaves at each end and can be ordered with one or two extension leaves.

The super ellipse Corna table is beautiful with the curved shape and modern legs. It opens in the middle with a smart butterfly extension solution, it can not be easier. You can also get the super ellipse Corna table in a fixed version.

On the round Corna table the edgy legs have been turned into 4 legs coming out from the centre, which optimize space for chairs. Choose version for 2 or 4 extension leaves. Extension leaves have to be ordered separately.

The table is available in a wide selection of wooden finishes as well as hard-wearing laminate finishes in a wide variety of colours.

The Oculus range of sideboards, highboards and display cabinets, can also be ordered with matching Corna legs, the cabinets are veneered with rounded solid edges and mitre joints. Doors and drawers are with nicely recessed oval handles. All cabinets are also beautifully veneered at the back, so they can be free standing as well.

Enjoy.
